Town Meeting Tonight

IMPORTANT ISSUES FOR CONSIDERATION

Mattapoisett's annual town meeting recessed on Wednesday, April 7th, after three sessions which completed 60 articles. It will be continued tonight, April 14th, Wednesday, starting at 8 P.M. at Old Rochester Regional High School's auditorium. Under discussion at the time of the recess was Article 61. It was decided to wait until tonight for a vote because a Public Hearing was scheduled for Friday, April 9th, at which time the Sanitary Land Fill Committee gave its report (see Page for report). Mr. Bradford Hathaway had asked for an amendment to Article 61 to change the land fill designation of the committee to include other types of rubbish disposal methods. Mr. Hathaway read a statement expressing strong misgivings about a land fill operation at Tinkham Hill and he desires to turn to another alternative. The Conservation Commission is opposed to a sanitary land fill dump in the Tinkham Hill area because of the possible future pollution of the Mattapoisett River Valley due to leachate from the proposed dump. A situation which may not become detectable immediately but once started is irrevocable according to a state-

ment made by the Conservation Commission.

Following Article 61, a motion will be entertained to reconsider Article 62. Tuesday evening Article 62 was taken out of sequence after Article 24. Article 62 concerns a State Aided Housing Project proposed and voted by the town meeting on Tuesday, April 6th. Mr. Bruce Rocha moved for reconsideration on Wednesday, April 7th, but Moderator Donald Fleming asked that the motion be delayed until the end of the session or that it be taken up at the beginning of the next session if the town failed to complete the whole warrant that evening which it did not. Mr. Fleming said that, in view of the light attendance, he felt that it would be fairer to have the maximum number of interested people aware of the reconsideration. Mr. Rocha is asking for the reconsideration for the following reasons: 1, Article 62 was taken up out of sequence after many people had left the town meeting; 2, He feels that the town is not properly informed

from the project. 4, Mr. Rocha is concerned about the eminent domain powers given to the State and the unexplained regulations which the town has bound itself to under Chapter 667 of the Massachusetts Acts of 1954. Mr. Rocha will present his motion for reconsideration and his reasons. A 2/3 vote is necessary to bring Article 62 back for consideration by the meeting.

Following that a motion to reconsider Article 23 will be entertained. This also was held to allow interested people to have no-

tice. Article 23 concerned the purchase of land and a building from Pallatroni & Gargas for Water Department use. The article was defeated on Tuesday evening. A 2/3 vote is necessary to reconsider.

Other important articles to be taken up are 66 through 73. These articles are changes to the zoning regulations in force in Mattapoisett. A public hearing on these changes was held on March 16th. At that time both the Board of Appeals and the Planning Board expressed themselves in agreement as to the necessity for the changes. The Board of Appeals has found the zoning law so rigid that reasonable requests for variances have had to be denied. The proposed changes are as a result of these cases and are designed to allow the Board of Appeals to function by permitting some leeway in the law. A poll was taken at the hearing of those in attendance and the majority indicated approval of the changes.

Hearing on Rubbish Disposal

Mr. Harry Locke, chairman of the Mattapoisett Sanitary Landfill Committee, presided at a public hearing held Friday, April 9th, at Mattapoisett Town Hall, to discuss

the findings of the committee over its 2 year term. The committee consists of Locke, Dennis Sylvia, Peter Perkins, Henry Pallatroni and George Hillman. Mr. Locke states that the committee had made an extensive inquiry into the many types of refuse disposal now in use or under development. He said that he had made personal evaluation of systems as he traveled in various sections of the country and that he had written to many companies as a result of magazine or newspaper articles. Most of the latter replied that their systems were in the design stage and not ready for sale, he said. The committee had investigated incineration and found it to be prohibitively priced for a town the size of Mattapoisett. They have investigated a Brockton company that takes refuse completely out of the town under contract and found that the firm would not deal with Mattapoisett because of the distance involved. After this, Mr. Locke said, the committee turned to a study of a Regional

land fill operation with Rochester and Marion and using a Marion site. After negotiation with Marion, the committee decided, for various reasons, that Mattapoisett would be better served with its own site. Rochester reached the same conclusion and has established a land fill operation in Rochester.

State requirements for a land fill dump are such that 75% of Mattapoisett is eliminated because it is too low to meet the requirement that land fill be 4 feet above the water table. The committee, also, eliminated any land west of North Street because it is water shed area running into the Mattapoisett River. The land area, east of North Street, was surveyed by the committee on foot and by jeep and three possible sites were found. One, known as Tinkham Hill, is located just short

of a mile east of North Street, 2.5 miles north of Route 6. This hill is a ridge that is on a north south line with Randall Road. The elevation is 100 feet and the area is approximately 100 acres. A second possible site was located behind the Old Rochester Regional High School but the land is in Marion. A third possibility was high ground on the same ridge as Randall Road, between the water tower on North Street and Route 6. This land, known as the Snow Fields, was found to lack suitable gravel cover the committee said.

The contractor, building the 195 roadbed, is interested in obtaining underburden for the road and the claylike gravel of Tinkham Hill is suitable for this purpose. Previously, Dennis Mahoney & Sons, Inc., owner of Tinkham Hill, refused offers from persons who wanted to purchase the site and refused offers to sell the fill. Mr. David McIntire, representing Mahoney's, said that until he was approached by the town he had no intention of selling the land and only now, reluctantly, would comply. He said that he considered the site to be prime land in a beautiful area. He explained that, only after he learned of the town's interest, did the company consider selling the fill. He stated that such sale would reduce the cost of the land to the town. Mr. Locke said that the 195 contractor has been approached by the committee and asked to make a rough

road to the Tinkham Hill area from North Street as a condition of the deal. He agreed to do this under bond and to also leave the 10 acres on the south side of Tinkham Hill, where gravel would be taken, in such condition as to be ready for land fill. Mr. Locke said that it is expected that no more than 18" of depth of fill would be removed from the surface of this ten acres in accordance with rigid State specifications.

Mr. Bradford Hathaway, who made a statement before the close of the last town meeting session, advocating another method of disposal, repeated this plea coupled with a strong desire to save Tinkham Hill from use as a dump site. He expressed his concern that seepage from the land fill might leach into the water shed and flow into the Mattapoissett River. He said that this was some of the most beautiful land in Mattapoissett and that its use for such a purpose was most unfortunate. The Mattapoissett Conservation Commission also opposes the land fill dump. Members of the Committee disputed the possibility of pollution from the land fill site. They stated, that should

gravel that evening and that fill on the site is suitable for only 9 months of the year. The other months, gravel would have to be purchased and trucked in. Initially, the highway department's loader might be utilized to pack and cover the rubbish. A waterline would have to be laid to the site, at some time, from North Street.

Mr. Locke said that the 100 acres is sufficient for dump needs for the foreseeable future even though the population may expand enormously. He said that the filled land may be converted to forest or park use or it may be used over again as land fill after a passage of a required number of years. If the Town desires, the land fill system would be in operation in 3 or 4 months.

The present status of the Mattapoisett dump is critical. If the State does not extend the permission to burn to July, the present dump is estimated to be good only for one month. An emergency land fill operation there might extend this period somewhat according to Dennis Sylvia (providing the State would allow it).

FISH DOINGS

During the month of March, FISH volunteers answered six calls for emergency transportation and provided ten meals for families in distress. In addition, three callers were given information or referred to appropriate individuals or organizations for services FISH could not supply.

The Professional Advisory Board has not yet been called upon for emergency advice. As members of FISH these attorneys, physicians, town leaders, policemen, etc. have agreed to assist when called upon for advice in emergency situations. As FISH grows the Professional Advisory Board will be a vital asset in serving the community.

LITTLE LEAGUE TRYOUTS

This Saturday, April 17th, will be the final tryout day for boys wishing to play Little League baseball this season. Tryouts will be held at the Jay Lamborghini Little League field at Old Hammondtown School at 1. This session is for boys in the 11 to 12 year old age group who will not be 13 before August 1st this year. Boys that played in the Little League last year do not have to try out. They will be notified by their coaches when practices will start.

ORRHS REPRESENTATIVE TO STUDENT GOVERNMENT DAY AT STATE HOUSE

On Friday, April 2nd, William Knapton, Old Rochester Representative to the Student Government Day Activities in the State House at Boston, was the Representative from the Sixth Congressional District in Plymouth, representing the Honorable Charles MacKenzie. Bill, a senior at Old Rochester, was selected by his classmates for this privilege. He has been active in athletics and extracurricular activities at Old Ro-

chester, serving as captain of the football team this year. While functioning as a Representative, Bill was assigned additional duties as an aide to Attorney General Crane. Mr. Ronald Normand, Old Rochester faculty member, accompanied Bill to the sessions and reported that William had made a significant contribution to the success of the day, and made a most favorable impression on his constituents and the adults who spoke

Mountain of Waste

Editorial,
D. C.J.

According to the Landfill Dump Committee, Mattapoisett rubbish collectors deposit 55 tons of trash in the town dump weekly. This is estimated to be only 1/3 the total as many residents carry their trash there in private cars.

The great bulk of this total was burned - now forbidden. Much of it paper. If co-operation could be generated between individual home owners and ecology minded young people much of this paper could be sold and recycled. The paper would have to be bundled. The collection would have to be on a regular basis or a collection point would have to be established permanently. This massive waste of paper is a shame. The cost is heavy on both ends of the cycle. Forests of trees have to be felled to make new paper.

In the long run, some thought will have to be given to eliminating waste. Our new Regional Junior High School will be electrically heated for the expressed desire to eliminate air pollution. Yet, the same school plans use of paper plates and plastic throw away utensils in the cafeteria which will generate mountains of trash to pollute the earth.

As the population grows, we must consider

methods of eliminating such unnecessary waste and we might consider ways to compact what we cannot avoid. We have seen two examples recently on both sides of us. In Marion, two individuals, Mrs. William Antulonis and Mrs. Donald Brewster, are doing something big for the town and for Conservation as this is the recipient of the money made by collecting paper for sale and recycling. In Fairhaven, it has been proposed that both tops and bottoms be removed from cans and the can flattened. Two small steps for man - two giant steps for mankind. We salute both these efforts.

GRANGE TO HEAR ABOUT FISH PROGRAM

Mattapoisett Grange will hold its bi-monthly meeting this Thursday night, April 15th, at the Grange Hall. Deputy Milton Borden will be present to make an official visit.

The program will be open to anyone wishing to come at 8:45 right after the close of the business meeting. A program on the FISH organization will be presented by the Rev. Donald Finley who will explain the wonderful work done by your friends and neighbors. Music will be furnished by Mrs.

Sneaky Sneaker Sale

SNEAKY SNEAKER SALE

Saint Anthony's Women's Guild announces that the long awaited sneaker sale will be held this coming weekend. Mrs. Donald Fleming, chairman of this unique event, will have a large supply of new, high and low, children's and teenage sneakers, all sizes and colors included. They will be sold after the evening Mass April 17th and after all morning Masses Sunday, the 18th, for as long as they last. All proceeds of the Sneaker Sale will go into the Saint Anthony's Building Fund.

Coffee and doughnuts will be sold by the high school C.C.D. members and the money will benefit their treasury.

Incinerator Census

FIRE CHIEF REQUESTS INFORMATION

Paul Bradley, Mattapoisett Fire Chief, has been informed by the Massachusetts Director of Air Management James L. Dallas, of a regulation prohibiting the burning of rubbish in any incinerator which is of a design not approved by the State.

He has been directed to take a census of incinerators (residential, commercial and industrial) in Mattapoisett together with the names and addresses of the users.

Chief Bradley requests owners of incinerators to contact him at home, telephone 758-3575, or at the Fire Station, 758-2211.

CHRISTINE MORAN WINS NAME TEAM CONTEST

Miss Christine Moran, the daughter of Mr. and Mrs. James Moran, Rock Street, had her entry chosen as the winner in the "Name the Team" contest, sponsored by the Sports and Athletic Committee to name the new teeners baseball team making their debut this year.

The name Christine chose was "Gulls"- a most appropriate one with Mattapoisett being located seaside.

The boys will have the prettiest young mascot a baseball team ever had. Christine was presented a transistor radio and a baseball properly marked to note the occasion. The Sports and Athletic Committee would like to thank all the entrants for their time and efforts. There was a good amount of originality put into some of the names suggested.

BABE RUTH LEAGUE TRYOUTS

All boys who have finished their Little League playing and will not be 16 before August 1st are invited to register and try out for the 2 Mattapoisett Capeway Babe Ruth League teams this Saturday, April 17th, at 1:30 P.M. at the Old Rochester Regional High School diamond. This is your last opportunity for this year to become eligible. This should be a most exciting year with Acushnet entering a team, rounding out the league to 8 teams.

Sell your old paintings, rugs, dishes and attic contents for cash. Prompt courteous service. Call me, Mr. Mower, 7-8 A.M. or after 1 P.M. at 748-0763

25 Countries at Show

INTERNATIONAL EXHIBITS AT Y SHOW

Twenty-five countries will be represented in the International Exhibits of the YWCA Annual Community Show April 24 and 25 from 1 to 9 P.M. These occupy North Hall on the second floor of the YWCA building and will be attended the entire time by people well qualified to answer questions and talk about the interesting articles on display.

Co-chairmen for international exhibits are Mrs. Dwight L. Baker and Mrs. Henry R. Groebe.

Children, under the direction of Mrs. Anna Gacek, will demonstrate WYCINANKI (Polish papercuts) on Saturday afternoon, April 24, and on Sunday Mrs. Eugene Chaberek will demonstrate the art of egg decorating (PISANKI). Both handicrafts are of European origin.

On display will be prize winning children's papercuts submitted last year in a

Iraq, and Arabic publications to show the Arabic script and publishing.

At frequent intervals Dr. and Mrs. Habboosh will project on the screen transparencies showing how the ancient civilizations merge with the twentieth century civilization, and some of the wonders and tourist attractions of Iraq, a land of antiquity with perhaps more dramatic firsts to its credit than any other country in the world.

Mrs. Mary T. Luiz will be in charge of the exhibit from Portugal featuring ceramics, embroideries, laces, cork products and tiles made in the various provinces of continental Portugal or its islands -- the Azores, Madeira and the Cape Verde Islands.

Dr. and Mrs. Niogha Okeke from Nigeria will show fashions worn in that country.

In the section devoted to Japanese culture, directed by Mr. and Mrs. (Ayako) Gerald Rooney, use of chopsticks will be demonstrated and there will be writing in Japanese.

Mrs. Marcio Bueno will exhibit articles from Brazil, including knicknacks of wood and metals. Also some framed pictures.

From Columbia there will be baskets and handmade articles of beauty and interest. The exhibitor will be Mrs. Nori Sierra and she will receive visitors in native costume.

Included in this division of the Show will be a "Black Exhibit" in charge of Herbert J. Waters, Jr., assistant principal of Sargent William H. Carney Memorial Academy. Materials worked with in the study of black literature in grades 4, 5 and 6, including books and film strips, will be shown, and

characters.

Mrs. Silva is shown in the picture with specimens of handmade dolls and animals.

Over three centuries ago it was a common sight to see a man or woman, laden with wares, making the slow journey into the rural areas of many countries. This was the pedlar, the only link the people of the farms and small villages had with the large trading centers.

The pedlar brought spices, lace, hardware and numerous other odd items to these people who had to make do with their own resources.

Very often it was an old woman who had been making these trips for thirty or more years, bringing not only goods but news from one village to another. The pedlar was a welcome sight indeed.

The pedlar doll, on top of the piano, has many pockets in her apron to hold her wares such as needles and pins and small items.
